

## **Ventripoint Diagnostics Receives Wage Subsidy**

**Toronto, Ontario – The Newswire – December 10, 2020** - Ventripoint Diagnostics Ltd. ("**Ventripoint**" or the "**Company**"), (TSXV:VPT; OTC:VPTDF) announces that it is receiving an additional temporary wage subsidy of up to \$115,408 as part of the National Research Council of Canada Industrial Research Assistance Program's (NRC IRAP) Innovation Assistance Program (IRAP IAP).

This funding follows on support of \$73,093 through IRAP IAP, which was part of approximately \$150,000 in government grants, loans and subsidies received at that time (see NR Sept 15, 2020). The Company has continued to receive other loans and subsidies and so the total amount of government support has been approximately \$300,000 to date in 2020.

### **About Ventripoint Diagnostics Ltd.**

Ventripoint has become an industry leader in the application of AI (Artificial Intelligence) to echocardiography. Ventripoint's VMS products are powered by its proprietary KBR technology, which is the result of a decade of development and provides accurate volumetric cardiac measurements equivalent to MRI. This affordable, gold-standard alternative allows cardiologists greater confidence in the management of their patients. Providing better care to patients serves as a springboard and basic standard for all of Ventripoint's products that guide our future developments. In addition, VMS+ is versatile and can be used with all ultrasound systems from any vendor supported by regulatory market approvals in the U.S., Europe and Canada.
