

## **Ventripoint Announces Sponsorship of the 55th Annual Meeting of the Association for European Paediatric and Congenital Cardiology**

**Toronto, Ontario – The Newswire – May 17 2022** - Ventripoint Diagnostics Ltd. ("**Ventripoint**" or the "**Company**"), (TSXV:VPT; OTCQB:VPTDF) is pleased to announce that it will be a sponsor for the 55th Annual Meeting of the Association for European Paediatric and Congenital Cardiology (AEPC). The AEPC is a network of specialists in the paediatric and congenital cardiology field who strive to promote the sharing of information and resources within the community. The AEPC is currently one of the largest global associations in the cardiac field with over 1,000 paediatric cardiologists.

The conference will be held on May 25-28, 2022, in Geneva, Switzerland and is hosted by the local organizing committee from the "Centre Universitaire de Cardiologie et Chirurgie Cardiaque Pédiatrique" a collaboration between the University Hospitals of Geneva (HUG) and Vaudois University Hospital Center (CHUV) in Lausanne. The conference will focus on the latest advancements in the research and treatment of paediatric and congenital cardiology. Presentation topics will include arrhythmia/electrophysiology and basic science, genetics, COVID-19, surgery and preventative care, and many more engaging topics. As a sponsor at the event, Ventripoint's VMS+ system will be highlighted in various presentations and in the exhibition space. This meeting presents Ventripoint with an excellent opportunity to engage with the global congenital cardiologist community.

### **About Ventripoint Diagnostics Ltd.**

Ventripoint has become an industry leader in the application of AI (Artificial Intelligence) to echocardiography. Ventripoint's VMS products are powered by its proprietary KBR technology, which is the result of a decade of development and provides accurate volumetric cardiac measurements equivalent to MRI. This affordable, gold-standard alternative allows cardiologists greater confidence in the management of their patients. Providing better care to patients serves as a springboard and basic standard for all of Ventripoint's products that guide our future developments. In addition, VMS+ is versatile and can be used with all ultrasound systems from any vendor supported by regulatory market approvals in the U.S., Europe and Canada.
