George Adams

Chief Executive Officer

Are we there yet?

July 18, 2022

Dear Shareholder;

Last year, I wrote: “we are beginning to see a window open to install VMS+3.0 units in major cardiac centres in North America and Europe” as the COVID pandemic looked to be waning. I was able to go to Switzerland, Italy, UK and France and promote Ventripoint to investors and received an amazing reception as nobody had been to a presentation for 18 months due to restriction on group meetings. Alas, it was not to be, as exemplified by the recent cancellation of a planned trip to Scandinavia and Germany due to COVID outbreaks in Europe. Nevertheless, we were able to end 2021 with 25 VMS+ units deployed worldwide. This is a major milestone and our target for 2021. A number of these units are being used to study patients with various kinds of heart conditions, as current techniques are not able to provide the information accurately or conveniently. In fact, we have 15 such studies ongoing or planned and they are all being funded externally. This is an amazing endorsement of the VMS+! It is also part of the process of introducing a new medical device into the healthcare system.

Understanding the innovation process within healthcare is not easy and investors are often concerned about how slow it is and why there are so many steps along the way. Even after the regulatory agencies like the FDA or Health Canada scrutinize the innovation, it can still take much time and diligence for adoption of a new medical device. Clinicians are cautious and want to make sure the new device works for them, with their mix of patients. In cardiac ultrasound, the promise of 3D scanning (holographic picture) has been around for a decade and still is not adopted as it only works on some patients (usually the healthy ones) and often does not work on patients with complex heart disease. As you know, we are working to overcome the limitations of 3D scanning to show it can live up to expectations. Part of the process is to set the claims for the device correctly and then deliver on those expectations.

Ventripoint has been focusing its marketing efforts on congenital heart defects (CHD) where the need is greatest and our champions are as focused on these patients who require careful frequent monitoring throughout their lives. The unique ability of the VMS+ to characterize the function of the right heart easily, accurately and reliably is critical to finding the optimal point when a change in treatments is necessary. Too soon may mean the patient will run out of therapeutic options later in life and too late may mean the heart cannot respond and recover once the treatment has been adjusted. The replacement of defective heart valves has undergone a major shift away from surgical implantation to interventional placements and there is a need for better characterization of the function of the atrium and ventricle on either side of the valve prior to implantation and afterwards to be sure the procedure was effective. Cardiologists need to examine the heart frequently to define the best time to treat a patient with a progressive heart condition. For example, patients at risk for heart failure need to be examined regularly to detect early signs of heart failure earlier and intervene sooner. Pregnancy, especially when underlying risk factors for heart dysfunction are present, is such a situation. Similarly, cancer patients who have undergone chemotherapy are at risk for heart failure. COVID patients often have heart damage and need to be monitored to see if the acute dysfunction resolves or continues and gets worse. Pregnancy, cancer therapies and COVID infection affect the right heart so once again the VMS+ is the best way to follow these hearts. As an added benefit, the left heart can be characterized better as well. These are some of the studies where our expert users, who are leading cardiologists, are trying to show their fellow cardiologists that the information provided by the VMS+ can help in managing these patients.

These clinical studies take time to organize and perform and the COVID pandemic has not made the process any easier. Still, our users have been tenacious in advancing these studies, finding funding and learning to use the VMS+. Having 15 different top cardiology groups

working to demonstrate the meritorious use of the VMS+ is a major endorsement. We look forward to a wealth of information on the effectiveness of the VMS+ and this will lead to the ultimate goal of establishing the VMS+ as the “standard-of-care” for these heart conditions and others.

Expanding Ventripoint through hiring, partnerships and contractors has been an ongoing priority. We have been very fortunate to find experienced people ready to take on a new product. We now have 10 people working on sales and marketing, all with a decade of experience. Meanwhile, we continue to advance our collaboration with GE Healthcare Corp as they work within the Edison program to bring out a suite of new tools for imaging professionals.

We are proud of the VMS+3.0 and its capabilities which addresses many needs cardiologists face every day, but we also hear about other unmet needs and so we continue to evolve the VMS+ into an even more powerful tool. Our development work on motion analysis (4D) and automated analysis for 2D as well as 3D echocardiograms continues with excellent progress. The dream of a fully-automated analysis of echocardiograms for patients with poorly imaged hearts is something we believe we can achieve and this will further revolutionize cardiac care.

Like every long journey, we are often asked “are we there yet?”. We are travelling rapidly along the road of innovation and adoption. We know the way and are inspired to know that every patient who is treated more effectively brings us closer the end of our journey to improve cardiac diagnostics for everyone, everywhere and especially for children.

Thank you for all your support.

THE ENCLOSED INSTRUMENT OF PROXY CONFERS DISCRETIONARY AUTHORITY UPON THE MANAGEMENT DESIGNEES, OR OTHER PERSONS NAMED AS PROXY, WITH RESPECT TO AMENDMENTS TO OR VARIATIONS OF MATTERS IDENTIFIED IN THE NOTICE OF MEETING AND ANY OTHER MATTERS WHICH MAY PROPERLY COME BEFORE THE MEETING. AT THE DATE OF THIS INFORMATION CIRCULAR, THE CORPORATION IS NOT AWARE OF ANY AMENDMENTS TO, OR VARIATIONS OF, OR OTHER MATTERS WHICH MAY COME BEFORE THE MEETING. IN THE EVENT THAT OTHER MATTERS COME BEFORE THE MEETING, THEN THE MANAGEMENT DESIGNEES INTEND TO VOTE IN ACCORDANCE WITH THE JUDGMENT OF THE MANAGEMENT OF THE CORPORATION.

Proxies, to be valid, must be deposited at the office of the registrar and transfer agent of the Corporation, Computershare, Attn: Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, Tel: 1(800)564-6253, by no later than 11:00 a.m. (Toronto time) on Friday, August 12, 2022, or in the case of postponement or adjournment, not less than 48 hours, excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, preceding the postponed or adjourned meeting.

APPOINTMENT OF PROXY

The persons named in the accompanying form of proxy are directors and/or officers of the Corporation. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER OF THE CORPORATION) OTHER THAN GEORGE ADAMS OR ROBERT HODGKINSON, THE MANAGEMENT DESIGNEES, TO ATTEND AND ACT FOR HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the blank space provided, the name of the person to be designated and deleting therefrom the names of the management designees or by completing another proper instrument of proxy and, in either case, depositing the instrument of proxy with the transfer agent of the Corporation, Computershare, Attn: Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, by no later than 11:00 pm (Toronto time) on Friday, August 12, 2022, or in the case of postponement or adjournment, not less than 48 hours, excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, preceding the postponed or adjourned meeting.

REVOCATION OF PROXIES

A Shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy.

A Shareholder may revoke a proxy by depositing an instrument in writing, executed by him or his attorney authorized in writing, or if the Shareholder is a corporation, under its corporate seal or signed by a duly authorized officer or attorney for the Corporation:

- (a) at the office of the transfer agent of the Corporation, Computershare, Attn: Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, not less than 48 hours,

excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, preceding the Meeting or an adjournment of the Meeting.

- (b) at the registered office of the Corporation, Suite 605, 2 Sheppard Ave. East, Toronto, Ontario, M2N 5Y7, at any time up to and including the last business day preceding the day of the Meeting at which the proxy is to be used; or
- (c) with the chairman of the Meeting on the day of the Meeting or any postponed or adjourned Meeting.

In addition, a proxy may be revoked by the Shareholder by executing another form of proxy bearing a later date and depositing same at the offices of the Corporation within the time period set out under the heading "Voting of Proxies", or by the Shareholder personally attending the Meeting and voting his Shares.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES ON VOTING COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Shares in their own name. Shareholders who do not hold their Shares in their own name ("**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the nominee of The Canadian Depository for Securities Limited, which acts as depository for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Services ("**Broadridge**") (formerly ADP Investor Communications Corporation). Broadridge typically prepares a Voting Instruction Form ("**VIF**") and mails the VIF to the Beneficial Shareholders and asks Beneficial Shareholders to return the VIF to Broadridge. Often Beneficial Shareholders are provided with a toll-free telephone number or a website address through either of which their Shares can be voted. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a VIF from Broadridge cannot use that VIF to vote Shares directly at the Meeting. The VIF must be returned to Broadridge well in advance of the Meeting in order to have the Shares voted at the Meeting.** If you have any questions respecting the voting of Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Corporation are referred to as non-objecting beneficial owners or "**NOBOs**". Those Beneficial Shareholders who have objected to their intermediary disclosing ownership information about themselves to the Corporation are referred to as objecting beneficial owners or "**OBOs**".

Pursuant to NI 54-101, the Corporation has distributed copies of proxy-related materials in connection with this Meeting (including this Information Circular) indirectly to all Beneficial Shareholders. The Corporation is not relying on the notice-and-access delivery procedures outlined in NI 54-101 to distribute copies of the proxy related materials in connection with the Meeting.

The Corporation will not be paying for intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of the proxy-related materials and related documents. Accordingly, an OBO will not receive copies of the proxy-related materials and related documents unless the OBO's intermediary assumes the costs of delivery.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his or her broker (or an agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the VIF provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Shares without par or nominal value, of which 155,658,905 Shares are issued and outstanding as at the Record Date (as defined below) and entitled to vote at the Meeting on the basis of one vote for each Share held.

The holders of Shares of record at the close of business on the Record Date, which pursuant to the Corporation's by-laws and the *Canada Business Corporations Act* (the "**CBCA**") is the close of business on July 5, 2022 (the "**Record Date**"), are entitled to vote such Shares at the Meeting on the basis of one vote for each Share held, except to the extent that:

- (a) such person transfers his Shares after the Record Date; and
- (b) the transferee of those Shares produces properly endorsed share certificates or otherwise establishes his ownership to the Shares and makes a demand to the Corporation, not later than 10 days before the Meeting, that his name be included on the Shareholders' list.

The by-laws of the Corporation provide that a quorum for the transaction of business at any meeting of Shareholders shall be at least two persons present in person, each being a Shareholder entitled to vote thereat or a duly appointed proxy or representative for an absent Shareholder so entitled and representing in the aggregate not less than 10% of the outstanding Shares of the Corporation carrying voting rights at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as at the close of business on July 11, 2022, no person beneficially owns, or controls or directs, directly or indirectly, securities carrying more than 10% of the voting rights attached to the Shares.

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Corporation's directors, the only matters to be placed before the Meeting are those matters set forth in the accompanying Notice of Meeting relating to (a) the receipt of the financial statements of the Corporation; (b) the election of directors of the Corporation; (c) the appointment of an auditor of the Corporation for the ensuing year; and (d) the re-approval of the Corporation's incentive stock option plan.

A. Receipt of Financial Statements

The Directors of the Corporation will place before the Meeting the consolidated financial statements for the year ended December 31, 2021, together with the auditors' report thereon. Shareholder approval is not required in relation to these financial statements.

B. Election of Directors

The Board of Directors has adopted an individual voting policy for the election of directors at the Meeting. Under the majority voting policy, in the event that a nominee for director receives a greater number of votes "withheld" than votes "for" his election as a director, the Board of Directors shall consider the circumstances of such vote, the particular attributes of the director nominee including his knowledge, experience and contribution at Board of Directors meetings and make whatever determination the Board of Directors deems appropriate, including without limitation, requesting such director to resign at an appropriate time and advise shareholders of the Board of Directors' decision in that regard. This policy applies only to uncontested elections, meaning elections where the number of nominees for directors is equal to the number of directors to be elected. The Board of Directors may fill any vacancy created by any such resignation or determine to leave the resulting vacancy unfilled.

Shareholders should note that, as a result of the majority voting policy, a "withhold" vote is effectively the same as a vote against a director nominee in an uncontested election.

As at the date hereof, the proposed directors named below and Named Executive Officers (as defined herein) of the Corporation currently, directly or indirectly, own or exercise control or direction over 2,744,075 Shares or 2% of the issued and outstanding Shares. As at the date hereof, the proposed directors and such officers of the Corporation hold stock options to purchase 4,800,000 Shares, and no warrants or convertible debentures outstanding, for fully diluted holdings of 5,544,075 Shares (4% fully diluted).

The Corporation recommends that BDO Canada LLP ("**BDO**"), be appointed as auditors of the Corporation, to hold office until the next annual meeting of the Corporation at such remuneration as may be fixed by the Board of Directors. BDO have been the auditors for the Corporation since August 17, 2007.

THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, INTEND TO VOTE THE SHARES REPRESENTED BY ANY SUCH PROXY FOR THE APPOINTMENT OF BDO AS AUDITORS OF THE CORPORATION FOR THE ENSUING YEAR AT A REMUNERATION TO BE FIXED BY THE BOARD OF DIRECTORS, UNLESS THE SHAREHOLDER HAS SPECIFIED IN HIS OR HER PROXY THAT THE SHARES ARE TO BE WITHHELD FROM VOTING.

D. Stock Option Plan

The policies of the TSX Venture Exchange ("**TSXV**") require all listed companies with a 10% rolling stock option plan to obtain shareholder approval of such plan on an annual basis. Shareholders will be asked at the Meeting to vote on a resolution to approve, for the ensuing year, the stock option plan of the Corporation (the "**Plan**"). The Corporation's Stock Option Plan was previously approved by Shareholders on August 9, 2022. The Plan is described below. The full text of the Plan is set out and attached hereto as Schedule "**A**".

The Plan provides that the Board of Directors may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Corporation, or any subsidiary of the Corporation, the option to purchase Shares. The Plan provides for a floating maximum limit of 10% of the outstanding Shares including any Common Shares reserved for issuance under outstanding incentive stock options, employee stock purchase plan or any other compensation or incentive mechanism, as permitted by the Policies of the TSXV. As at the date hereof, this represents 15,565,891 Shares available under the Plan. To date, options to purchase a total of 4,800,000 Shares (49%) have been issued to directors, officers, employees and consultants of the Corporation and remain outstanding.

Unless disinterested Shareholder approval is obtained, the number of Shares reserved for issuance to any one person (other than consultants and employees performing investor relations activities) may not

exceed 5% of the outstanding Shares. The number of Shares reserved for issuance to consultants and employees performing investor relations activities may not exceed 2% of the outstanding Shares. The Board of Directors determines the price per Share and the number of Shares that may be allotted to each director, officer, employee and consultant and all other terms and conditions of the options, subject to the rules of the TSXV. The price per Share set by the Board of Directors is subject to minimum pricing restrictions set by the TSXV.

Options may be exercisable for up to ten years from the date of grant, but the Board of Directors has the discretion to grant options that are exercisable for a shorter period. Options under the Plan are not transferable or assignable. If prior to the exercise of an option, the holder ceases to be a director, officer, employee or consultant, the option shall be limited to the number of Shares purchasable by the holder immediately prior to the time of his or her cessation of office or employment and the holder shall have no right to purchase any other Shares. Pursuant to the Plan, options must be exercised within a reasonable period following termination of employment or cessation of the optionee's position with the Corporation, or such other period established by the Board of Directors, provided that if the cessation of office, directorship, consulting arrangement or employment was by reason of death or disability, the option may be exercised within one (1) year, subject to the expiry date.

Management of the Corporation believes that it would be in the best interest of the Corporation to approve the Plan to align the interest of directors, officers, employees and consultants of the Corporation and its affiliates in the growth and development of the Corporation and its affiliates by providing them with the opportunity through stock options to acquire an increased proprietary interest in the Corporation.

The Plan is subject to the approval of the TSXV and the approval of the Shareholders, as required by the rules of the TSXV.

At the Meeting, the Shareholders will be asked to approve the following resolution:

"BE IT RESOLVED THAT:

- (a) the incentive stock option plan of the Corporation, as described in the Information Circular of the Corporation dated July 11, 2022 be and is hereby ratified and approved;
- (b) any one director or officer of the Corporation be authorized to make all such arrangements, to do all acts and things and to sign and execute all documents and instruments in writing, whether under the corporate seal of the Corporation or otherwise, as may be considered necessary or advisable to give full force and effect to the foregoing; and
- (c) the directors of the Corporation may revoke this resolution before it is acted upon without further approval of the Shareholders."

The foregoing resolution must be passed by a majority of the votes cast by Shareholders who vote on the resolution at the Meeting. If the Plan is not ratified by the Shareholders, the Corporation will have to consider other methods of compensating and providing incentives to directors, officers, employees, consultants and other personnel. **THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY INTEND TO VOTE THE SHARES REPRESENTED BY SUCH PROXY FOR APPROVAL OF THE PLAN, UNLESS OTHERWISE DIRECTED IN THE INSTRUMENT OF PROXY.**

STATEMENT OF EXECUTIVE COMPENSATION

Form 51-102F6 *Statement of Executive Compensation*, defines "**Named Executive Officers**" as the Chief Executive Officer, the President, the Chief Financial Officer and each of Ventripoint Diagnostics Ltd.'s and/or its wholly owned subsidiary, Ventripoint Inc.'s (together, the "**Corporation**") three most highly compensated officers other than the Chief Executive Officer, Vice-President Operations and Chief Financial Officer, whose total compensation was, individually, more than \$150,000 for that financial year.

Compensation Discussion and Analysis

The Corporation's executive compensation program is comprised of the following components: base salary and discretionary annual incentive and long-term incentives. Together, these components support the Corporation's long-term growth strategy and the following objectives:

- to align executive compensation with Shareholders' interests;
- to attract and retain highly qualified management; and
- to focus performance by linking incentive compensation to the achievement of business objectives and financial results.

The compensation program is designed to pay for performance. Employees, including senior executives, are rewarded for the achievement of annual operating and financial goals, progress in executing the Corporation's long-term growth strategy and delivering strong total Shareholder return performance.

The Corporation reviews industry compensation information and compares its level of overall compensation with those of comparable sized companies in its industry and at a similar phase of development. Generally, the committee targets base salaries at levels approximating those holding similar positions in comparably sized companies in the industry and hopes to achieve comparable total compensation levels through the fixed and variable components.

The Corporation's total compensation takes into account individual and corporate performance. Compensation practices, including the mix of base salary and short-term incentives and long-term incentives, are regularly assessed to ensure they are competitive, take account of the external market trends, and support the Corporation's long-term growth strategies.

Base salary is compensation for discharging job responsibilities and reflects the level of skills and capabilities demonstrated by the executive. Annual salary adjustments take into account the market value of the role and the executive's demonstration of capability during the year.

The Corporation's Stock Option Plan is designed to provide an incentive to achieve the longer-term objectives of the Corporation.

The Corporation's Compensation Committee monitors the risk level of the Corporation's executive compensation program by ensuring that the compensation framework, which consists of a base salary and long-term incentives in the form of stock options, is structured to align the interests of the Corporation's Named Executive Officers and other employees with the interests of the Corporation. The Compensation Committee and the Board of Directors is satisfied that there were not any identified risks arising from the Corporation's compensation plans or policies that would have had any material adverse effect on the Corporation.

The Corporation also has an Employee Trading and Insider Trading and Reporting Policy in place which restricts all directors, officers and employees of the Corporation who may have knowledge of undisclosed material facts or material changes with respect to the Corporation from short selling, or trading in puts or calls of securities of the Corporation.

Stock Option Plan

Stock options are granted pursuant to the Stock Option Plan of the Corporation to provide an incentive to the directors, officers, employees and consultants of the Corporation to achieve the longer-term objectives of the Corporation; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. Previous grants of incentive stock options are taken into account when considering new grants.

Implementation of a new incentive stock option plan and amendments to the existing Stock Option Plan are the responsibility of the Board of Directors.

CORPORATE GOVERNANCE OF THE CORPORATION

General

The Board of Directors (the "**Board**") believes that good corporate governance improves corporate performance and benefits all Shareholders. The Canadian Securities Administrators (the "CSA") have adopted National Policy 58-201 *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("**NI 58-101**"), which prescribes certain disclosure by the Corporation of its corporate governance practices. This disclosure is presented below.

Composition of the Board of Directors

The Board is currently comprised of five (5) directors. All are independent for the purposes of NI 58-101, except for Dr. George Adams, who is CEO and Executive Chairman of the Corporation.

Directorships

Currently certain of the directors are also directors of other reporting issuers as follows:

Director	Other Reporting Issuer
Robert Hodgkinson	DXI Capital Corp.

Orientation and Continuing Education of Board Members

New Board members receive an orientation package which includes reports on operations and results, and public disclosure filings by the Corporation. Board meetings are sometimes telephonic meetings or held at the Corporation's facilities and are combined with tours and presentations by the Corporation's management and employees to give the directors additional insight into the Corporation's business. In addition, management of the Corporation makes itself available for discussion with all Board members.

Measures to Encourage Ethical Business Conduct

The Board has adopted a written code of ethics, as well as policies relating to trading in securities and non-public information of companies and whistleblower policies. The Board encourages and promotes a culture of ethical business conduct through various measures. The Board discourages transactions involving related parties. To the extent that such transactions arise, full disclosure is required in accordance with the provisions of the CBCA, the corporate statute governing the Corporation. Conflicts, if any, will be subject to the procedures and remedies under the CBCA. The Board has delegated to executive management the appropriate financial and operational authority to execute the approved annual budget and operating plan and subsequent amendments thereof.

Nomination of Board of Members

The Board is responsible for fixing the size of the Board and, subject to the approval of the Shareholders, determining its membership. The Board has established a compensation committee (the "**Compensation Committee**") which is currently comprised of Robert Hodgkinson and Randy AuCoin, both of whom are independent. In addition, the Corporation has established a nominating and corporate governance committee (the "**Nominating Committee**") which is currently comprised of Dr. George Adams and Robert Hodgkinson. Mr. Hodgkinson is an independent director. Dr. Adams is not independent as he is the acting CEO and Executive-Chairman of the Corporation.

The Nominating Committee's mandate includes recommending to the Board appropriate criteria for the selection of new directors, periodically reviewing the criteria adopted by the Board, and, if deemed desirable, recommending to the Board changes to such criteria. The Nominating Committee's mandate also includes identifying and recommending qualified candidates to the Board, although all Board members are encouraged to recommend new candidates.

Diversity and Inclusion

In assessing potential directors and members of the executive or senior management, the Corporation focuses on the skills, expertise, experience and independence which the Corporation requires to be effective. While the Corporation respects the value of diversity, and recognizes that diversity supports balanced debate and discussion which, in turn, enhances decision-making, due to the small size of the Board and the management team, and the stage of development of the Corporation's business, the Board believes that the qualifications and experience of proposed new directors and members of senior management should remain the primary consideration in the selection process and that setting of targets would not be efficient.

Due to the size and stage of development of the Corporation and its operations, the Corporation has not, as of the date of this Information Circular, adopted a written policy specifically relating to the identification and nomination of (i) women; (ii) members of visible minorities; (iii) Aboriginal persons; or (iv) persons with disabilities (collectively, the "Designated Groups") on the Board nor does the Board formally consider the level of representation of members of Designated Groups when making executive officer appointments. As of the date of this Information Circular, for each of the four Designated Groups, the Corporation has not adopted a target number or percentage, or a range of target numbers or percentages, for the members of the Groups to hold position on the Board or to be members of senior management by a specific date, as it believes that imposing targets based on specific selection criteria would limit the Corporation's ability to ensure that the overall composition of the Board and senior management meets the needs of the Corporation and its shareholders. However, informally, in identifying and selecting director or executive officer nominees, the Corporation values diversity, including, without limitation, diversity of experience, perspective, education, race, gender and national and ethnic origin, religion, sexual orientation, political belief and disability, as among the many factors taken into consideration during the search process. The Corporation also considers, among other things, the qualifications, personal qualities, business background and relevant experience of individual candidates as well as the overall composition of the Board or executive officers with a view to identifying and selecting the best and most complementary candidates. The Nominating Committee and the Board intend to consider whether the Corporation should adopt specific policies and practices regarding the representation of members of Designated Groups on the Board and in executive office positions, including the setting of targets for such representation. As at the date hereof, none of the members of the Board self-identify as members of Designated Groups. One member of management is a woman (representing 50% of management).

Determination of Compensation of Directors and Officers

The Compensation Committee has a written mandate which establishes the responsibilities of the Committee with respect to compensation. The Compensation Committee assists the Board in carrying out its responsibilities by reviewing compensation and human resources issues in support of the achievement of the Corporation's business strategy and making recommendations to the Board as appropriate. In particular, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to Chief Executive Officer compensation, evaluating the Chief Executive Officer's performance against those goals and objectives and making recommendations to the Board with respect to the Chief Executive Officer's compensation. The Compensation Committee also approves and reports to the Board on the compensation for the Corporation's other senior officers.

Board Committees

The Board has established an audit committee ("**Audit Committee**") and developed a mandate for the Audit Committee which the Board reviews annually. The mandate of the Audit Committee is described below.

Assessment of Directors, the Board and Board Committees

The Board monitors, on a periodic basis, the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

3. Administration

The Plan shall be administered by the Board of Directors. The Board of Directors shall have full and final discretion to interpret the provisions of the Plan and to prescribe, amend, rescind and waive rules and regulations to govern the administration and operation of the Plan. All decisions and interpretations made by the Board of Directors shall be binding and conclusive upon the Corporation and on all persons eligible to participate in the Plan, subject to shareholder approval if required by the Exchange. 4. Eligibility

The Board of Directors may at any time and from time to time designate those Optionees who are to be granted an Option pursuant to the Plan and grant an Option to such Optionee. Subject to Exchange Policies and the limitations contained herein, the Board of Directors is authorized to provide for the grant and exercise of Options on such terms (which may vary as between Options) as it shall determine. No Option shall be granted to any person except upon recommendation of the Board of Directors. A person who has been granted an Option may, if he is otherwise eligible and if permitted by Exchange Policies, be granted an additional Option or Options if the Board of Directors shall so determine. Subject to Exchange Policies, the Corporation shall represent that the Optionee is a bona fide Employee, Consultant or Management Company Employee (as such terms are defined in Exchange Policies) in respect of Options granted to such Optionees.

5. Participation

Participation in the Plan shall be entirely voluntary and any decision not to participate shall not affect an Optionee's relationship or employment with the Corporation.

Notwithstanding any express or implied term of this Plan or any Option to the contrary, the granting of an Option pursuant to the Plan shall in no way be construed as conferring on any Optionee any right with respect to continuance as a director, officer, employee or consultant of the Corporation or any subsidiary of the Corporation.

Options shall not be affected by any change of employment of the Optionee or by the Optionee ceasing to be a director or officer of or a consultant to the Corporation or any of its subsidiaries, where the Optionee at the same time becomes or continues to be a director, officer or full-time employee of or a consultant to the Corporation or any of its subsidiaries.

No Optionee shall have any of the rights of a shareholder of the Corporation in respect to Common Shares issuable on exercise of an Option until such Common Shares shall have been paid for in full and issued by the Corporation on exercise of the Option, pursuant to this Plan.

6. Common Shares Subject to Options

The number of authorized but unissued Common Shares that may be issued upon the exercise of Options granted under the Plan at any time plus the number of Common Shares reserved for issuance under outstanding incentive stock options, employee stock purchase plan or any other compensation or incentive mechanism otherwise granted by the Corporation shall not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at any time, and such aggregate number of Common Shares shall automatically increase or decrease as the number of issued and outstanding Common Shares changes. The Options granted under the Plan together with all of the Corporation's other previously established stock option plans or grants, shall not result at any time in:

- (a) the number of Common Shares reserved for issuance pursuant to Options granted to Insiders exceeding 10% of the issued and outstanding Common Shares;
- (b) the grant to Insiders within a 12 month period, of a number of Options exceeding 10% of the outstanding Common Shares;
- (c) the grant to all Optionees performing investor relations services, whether Consultants or Employees, of a number of Options exceeding 2% of the issued and outstanding Common Shares; or
- (d) the number of Common Shares reserved for issuance pursuant to Options granted to Optionees resident in the United States exceeding 1,900,000, or such other number of Common Shares as shall be fixed and determined by the Board of Directors from time to time.

Unless disinterested shareholder approval is obtained, the aggregate number of Common Shares reserved for issuance to any one (1) Optionee under Options granted in any 12 month period shall not exceed 5% of the issued and outstanding Common Shares determined at the date of grant. The aggregate number of Common Shares reserved for issuance to an Optionee who is a Consultant shall not exceed 2% of the issued and outstanding Common Shares determined at the date of grant.

Appropriate adjustments shall be made as set forth in Section 14 hereof, in both the number of Common Shares covered by individual grants and the total number of Common Shares authorized to be issued hereunder, to give effect to any relevant changes in the capitalization of the Corporation.

If any Option granted hereunder shall expire or terminate for any reason without having been exercised in full, the unpurchased Common Shares subject thereto shall again be available for the purpose of the Plan.

7. Option Agreement

- (a) A written agreement will be entered into between the Corporation and each Optionee to whom an Option is granted hereunder, which agreement will set out the number of Common Shares subject to option, the exercise price and any other terms and conditions approved by the Board of Directors, all in accordance with the provisions of this Plan (herein referred to as the "Stock Option Agreement"). The Stock Option Agreement will be in such form as the Board of Directors may from time to time approve, and may contain such terms as may be considered necessary in order that the Option will comply with any provisions respecting options in the income tax or other laws in force in any country or jurisdiction of which the Optionee may from time to time be a resident or citizen or the rules of any regulatory body having jurisdiction over the Corporation.
- (b) The Board of Directors may require any Optionee to agree in the Stock Option Agreement that the Optionee, if so requested by the Corporation or any representative of the underwriters (the "Managing Underwriter") in connection with any registration of the offering of any securities of the Corporation under the *United States Securities Act of 1933, as amended* (the "1933 Act"), Optionee shall not sell or otherwise transfer any Common Share(s) or other securities of the Corporation for a period of up to 180 days (or such other period as may be requested in writing by

the Managing Underwriter and agreed to in writing by the Corporation) following the effective date of a registration statement of the Corporation filed under the 1933 Act.

8. Option Period and Exercise Price

Each Option and all rights thereunder shall be expressed to expire on the date set out in the respective Stock Option Agreement, which shall be the date of the expiry of the Option Period (the "**Expiry Date**"), subject to earlier termination as provided in Sections 10 and 11 hereof.

Subject to Exchange Policies and any limitations imposed by any relevant regulatory authority, the exercise price of an Option granted under the Plan shall be as determined by the Board of Directors when such Option is granted and shall be an amount at least equal to the Discounted Market Price of the Common Shares.

9. Exercise of Options

An Optionee shall be entitled to exercise an Option granted to it at any time prior to the expiry of the Option Period, subject to Sections 10 and 11 hereof and to vesting limitations which may be imposed by the Board of Directors at the time such Option is granted. Subject to Exchange Policies, the Board of Directors may, in its sole discretion, determine the time during which an Option shall vest and the method of vesting, or that no vesting restriction shall exist.

The exercise of any Option will be conditional upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Common Shares in respect of which the Option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Common Shares with respect to which the Option is being exercised.

Common Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Common Shares pursuant thereto shall comply with all relevant provisions of applicable securities law, including, without limitation, the 1933 Act, the *United States Securities and Exchange Act of 1934, as amended*, applicable U.S. state laws, the rules and regulations promulgated thereunder, and the requirements of any stock exchange or consolidated stock price reporting system on which prices for the Common Shares are quoted at any given time. As a condition to the exercise of an Option, the Corporation may require the person exercising such Option to represent and warrant at the time of any such exercise that the Common Shares are being purchased only for investment and without any present intention to sell or distribute such Common Shares if, in the opinion of counsel for the Corporation, such a representation is required by law.

The certificates representing any Common Share(s) issued to a "U.S. person" (as defined in Rule 902 of Regulation S under the 1933 Act, which definition includes, but is not limited to, an individual resident in the United States, an estate or trust of which any executor or administrator or trustee, respectively, is a U.S. person, and any partnership or corporation organized or incorporated under the laws of the United States) shall, until such time as the same is no longer required under the applicable requirements of the 1933 Act or applicable U.S. state laws and regulations, bear a legend in substantially the following form:

"THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "1933 ACT"). THESE SECURITIES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY (A) TO THE CORPORATION, (B) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 904 OF REGULATION S UNDER THE 1933 ACT, (C) IN COMPLIANCE WITH THE EXEMPTION FROM THE REGISTRATION REQUIREMENTS UNDER THE 1933 ACT PROVIDED BY RULE 144 OR RULE 144A THEREUNDER, IF AVAILABLE, AND IN ACCORDANCE WITH APPLICABLE STATE

SECURITIES LAWS, OR (D) IN A TRANSACTION THAT DOES NOT REQUIRE REGISTRATION UNDER THE 1933 ACT OR ANY APPLICABLE STATE LAWS AND REGULATIONS GOVERNING THE OFFER AND SALE OF SECURITIES, AND THE HOLDER HAS, PRIOR TO SUCH SALE, FURNISHED TO THE CORPORATION AN OPINION OF COUNSEL, OF RECOGNIZED STANDING, OR OTHER EVIDENCE OF EXEMPTION, REASONABLY SATISFACTORY TO THE CORPORATION. DELIVERY OF THIS CERTIFICATE MAY NOT CONSTITUTE "GOOD DELIVERY" IN SETTLEMENT OF TRANSACTIONS ON STOCK EXCHANGES IN CANADA. AT ANY TIME THE CORPORATION IS A "FOREIGN ISSUER" AS DEFINED IN REGULATIONS UNDER THE 1933 ACT, A NEW CERTIFICATE, BEARING NO LEGEND, THE DELIVERY OF WHICH WILL CONSTITUTE "GOOD DELIVERY" MAY BE OBTAINED FROM THE APPLICABLE TRANSFER AGENT UPON DELIVERY OF THIS CERTIFICATE AND A DULY EXECUTED DECLARATION, IN FORM SATISFACTORY TO THE CORPORATION AND THE APPLICABLE TRANSFER AGENT TO THE EFFECT THAT THE SALE OF THE SECURITIES IS BEING MADE IN COMPLIANCE WITH RULE 904 OF REGULATIONS UNDER THE 1933 ACT AT A TIME WHEN THE CORPORATION IS A "FOREIGN ISSUER" AS DEFINED IN REGULATIONS UNDER THE 1933 ACT."

10. Ceasing to be a Director, Officer, Employee or Consultant

Unless otherwise determined by the Board of Directors, and subject to the rules and policies of the Exchange, if an Optionee ceases to be a director, officer, employee or consultant of the Corporation or its subsidiaries for any reason other than death, the Optionee may, but only within a reasonable period, to be set out in the applicable Stock Option Agreement at the time of the grant, following the Optionee's ceasing to be a director, officer, employee or consultant (or 30 days in the case of an Optionee engaged in Investor Relations Activities) or prior to the expiry of the Option Period, whichever is earlier, exercise any Option held by the Optionee, but only to the extent that the Optionee was entitled to exercise the Option at the date of such cessation. For greater certainty, any Optionee who is deemed to be an employee of the Corporation pursuant to any medical or disability plan of the Corporation shall be deemed to be an employee for the purposes of the Plan.

11. Death of Optionee

In the event of the death of an Optionee, the Option previously granted to him shall be exercisable within one (1) year following the date of the death of the Optionee or prior to the expiry of the Option Period, whichever is earlier, and then only:

- (a) by the person or persons to whom the Optionee's rights under the Option shall pass by the Optionee's will or the laws of descent and distribution, or by the Optionee's legal personal representative; and
- (b) to the extent that the Optionee was entitled to exercise the Option at the date of the Optionee's death.

12. Optionee's Rights Not Transferable

No right or interest of any Optionee in or under the Plan is assignable or transferable, in whole or in part, either directly or by operation of law or otherwise in any manner except by bequeath or the laws of descent and distribution, subject to the requirements of the Exchange, or as otherwise allowed by the Exchange.

Subject to the foregoing, the terms of the Plan shall bind the Corporation and its successors and assigns, and each Optionee and his heirs, executors, administrators and personal representatives.

13. Takeover or Change of Control

The Corporation shall have the power, in the event of:

- (a) any disposition of all or substantially all of the assets of the Corporation, or the dissolution, merger, amalgamation or consolidation of the Corporation with or into any other corporation or of such corporation into the Corporation, or
- (b) any change in control of the Corporation,

to make such arrangements as it shall deem appropriate for the exercise of outstanding Options or continuance of outstanding Options, including without limitation, to amend any Stock Option Agreement to permit the exercise of any or all of the remaining Options prior to the completion of any such transaction. If the Corporation shall exercise such power, the Option shall be deemed to have been amended to permit the exercise thereof in whole or in part by the Optionee at any time or from time to time as determined by the Corporation prior to the completion of such transaction.

14. Anti-Dilution of the Option

In the event of:

- (a) any subdivision, re-division or change of the Common Shares at any time during the term of the Option into a greater number of Common Shares, the Corporation shall deliver, at the time of any exercise thereafter of the Option, such number of Common Shares as would have resulted from such subdivision, re-division or change if the exercise of the Option had been made prior to the date of such subdivision, re-division or change;
- (b) any consolidation or change of the Common Shares at any time during the term of the Option into a lesser number of Common Shares, the number of Common Shares deliverable by the Corporation on any exercise thereafter of the Option shall be reduced to such number of Common Shares as would have resulted from such consolidation or change if the exercise of the Option had been made prior to the date of such consolidation or change;
- (c) any reclassification of the Common Shares at any time outstanding or change of the Common Shares into other shares, or in case of the consolidation, amalgamation or merger of the Corporation with or into any other corporation (other than a consolidation, amalgamation or merger which does not result in a reclassification of the outstanding Common Shares or a change of the Common Shares into other shares), or in case of any transfer of the undertaking or assets of the Corporation as an entirety or substantially as an entirety to another corporation, at any time during the term of the Option, the Optionee shall be entitled to receive, and shall accept, in lieu of the number of Common Shares to which he was theretofore entitled upon exercise of the Option, the kind and amount of shares and other securities or property which such holder would have been entitled to receive as a result of such reclassification, change, consolidation, amalgamation, merger or transfer if, on the effective date thereof, he had been the holder of the number of Common Shares to which he was entitled upon exercise of the Option.

Adjustments shall be made successively whenever any event referred to in this section shall occur. For greater certainty, the Optionee shall pay for the number of shares, other securities or property as aforesaid, the amount the Optionee would have paid if the Optionee had exercised the Option prior to the effective date of such subdivision, re-division, consolidation or change of the Common Shares or such reclassification, consolidation, amalgamation, merger or transfer, as the case may be.

15. United States Matters

- (a) Each option granted under the Plan to an option holder who is a citizen or resident of the United States (including its territories, possessions and all areas subject to the jurisdiction) (a "U.S. Optionee") will

be designated in the Stock Option Agreement as either a non-qualified stock option or an incentive stock option within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, of the United States (the "Code"), provided that the stock option complies with the following provisions. If not designated in the Stock Option Agreement, the Option shall be an incentive stock option. No provisions of the Plan, as it may be applied to a U.S. Optionee who has been granted an incentive stock option within the meaning of Section 422 of the Code, shall be construed so as to be inconsistent with any provision of Section 422 of the Code. Notwithstanding anything in the Plan contained to the contrary, the following provisions shall apply to each U.S. Optionee who will be granted an incentive stock option within the meaning of Section 422 of the Code:

- i. options shall only be granted to U.S. Optionees who are, at the time of grant, officers, key employees or directors (provided, for purposes of this Section 11 only, such directors are then also officers or key employees of the Corporation or a subsidiary). Any director of the Corporation who is a U.S. Optionee shall be eligible to vote upon the granting of such option;
 - ii. the aggregate fair market value (determined as of the time the option is granted) of the Common Share(s) exercisable for the first time by a U.S. Optionee during any calendar year under the Plan and all other stock option plans, within the meaning of Section 422 of the Code, of the Corporation or any subsidiary shall not exceed US\$100,000;
 - iii. the purchase price for Common Share(s) under each Option granted to a U.S. Optionee pursuant to the Plan shall be not less than the fair market value of such Common Share(s) at the time the option is granted, as determined in good faith by the directors at such time;
 - iv. if any U.S. Optionee to whom an option is to be granted under the Plan at the time of the grant of such option is the owner of shares possessing more than ten percent (10%) of the total combined voting power of all classes of shares of the Corporation, then the following special provisions shall be applicable to the option granted to such individual:
 - (1) the purchase price per Common Share subject to such option shall not be less than one hundred and ten percent (110%) of the fair market value of one Common Share at the time of grant; and
 - (2) for the purposes of this Section 11 only the option exercise period shall not exceed five (5) years from the date of grant;
 - v. no option may be granted hereunder to a U.S. Optionee following the expiry of five (5) years after the date on which the Plan is adopted by the Board or the date the Plan is approved by the shareholders of the Corporation, whichever is earlier;
 - vi. no option granted to a U.S. Optionee under the Plan shall become exercisable unless and until the Plan shall have been approved by the shareholders of the Corporation; and
 - vii. no incentive stock options may be granted under the Plan after ten (10) years after the adoption of this Plan by the Board of Directors of the Corporation.
- (b) At the discretion of the Board of Directors, Optionees may satisfy withholding obligations as provided in this paragraph. When an Optionee incurs tax liability in connection with an Option, which tax liability is subject to tax withholding under applicable tax laws (including, without limitation, income and payroll withholding taxes), and Optionee is obligated to pay the Corporation an amount required to be withheld under applicable tax laws, Optionee may satisfy the tax withholding obligation by one or some combination of the following methods: (a) by cash payment, (b) out of Optionee's current compensation, (c) if permitted by the Board of Directors, in its discretion, by surrendering to the Corporation, Common Share(s) that (i) have been owned by Optionee for more than six (6) months on the date of surrender or such other period as may be required to avoid a charge to the Corporation's earnings, and (ii) have a Market Value on the date of surrender equal to (or less than, if other consideration is paid to the Corporation to satisfy the withholding obligation) Optionee's marginal tax

rate times the ordinary income recognized, plus an amount equal to the Optionee's share of any applicable payroll withholding taxes, or (d) if permitted by the Board of Directors, in its discretion, by electing to have the Corporation withhold from the Common Share(s) to be issued upon exercise of the Option, if any, that number of Common Share(s) having a Market Value equal to the amount required to be withheld. For this purpose, the Market Value of the Common Share(s) to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined (the "Tax Date"). In making its determination as to the type of consideration to accept, the Board of Directors shall consider if acceptance of such consideration may be reasonably expected to benefit the Corporation or result in the recognition of compensation expense (or additional compensation expense) for financial reporting purposes.

16. Costs

The Corporation shall pay all costs of administering the Plan.

17. Termination and Amendment

- (a) The Board of Directors may amend or terminate this Plan or any outstanding Option granted hereunder at any time without the approval of the shareholders of the Corporation or any Optionee whose Option is amended or terminated, in order to conform this Plan or such Option, as the case may be, to applicable law or regulation or the requirements of the Exchange or any relevant regulatory authority, whether or not such amendment or termination would affect any accrued rights, subject to the approval of the Exchange or such regulatory authority.
- (b) The Board of Directors may amend or terminate this Plan or any outstanding Option granted hereunder for any reason other than the reasons set forth in Section 17(a) hereof, subject to the approval of the Exchange or any relevant regulatory authority and the approval of the shareholders of the Corporation if required by the Exchange or such regulatory authority. Subject to Exchange Policies, disinterested shareholder approval will be obtained for any reduction in the exercise price of an Option if the Optionee is an Insider of the Corporation at the time of the proposed amendment. No such amendment or termination will, without the consent of an Optionee, alter or impair any rights which have accrued to him prior to the effective date thereof.
- (c) The Plan and any amendments thereto, shall be subject to acceptance and approval by the Exchange. Any Options granted prior to such approval and acceptance shall be conditional upon such approval and acceptance being given and no such Options may be exercised unless and until such approval and acceptance are given.

18. Applicable Law

This Plan shall be governed by, administered and construed in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein.

19. Prior Plans

On the effective date (as set out in Section 20 hereof), subject to Exchange approval and, if required, shareholder approval:

- (a) the Plan shall entirely replace and supersede prior stock option plans, if any, enacted by the Corporation; and
- (b) all outstanding options shall be deemed to be granted pursuant to the Plan.

20. Effective Date

This plan shall become effective as of and from, and the effective date of the plan shall be August 9, 2021, upon receipt of all necessary shareholder and regulatory approvals.
