

Ventripoint Announces DTC Eligibility Approval in the U.S.

Toronto, Ontario – The Newswire – March 21, 2022 - Ventripoint Diagnostics Ltd. ("Ventripoint" or the "Company"), (TSXV:VPT; OTC:VPTDF), a biotech diagnostic company employing a leading Artificial Intelligence (AI) approach known as Knowledge-Based Reconstruction (KBR™) to create applications to monitor heart disease, is pleased to announce that the Company's common shares are now eligible for electronic clearing and settlement through the Depository Trust Company ("DTC") in the United States ("US").

"We are pleased to become DTC eligible. This eligibility will simplify the electronic settlement for US-based investors and it will enhance the ability of these investors to participate in the Company's growth. This should also help increase the liquidity of our stock and expand our presence in the US capital markets," stated Dr. George Adams, CEO of Ventripoint.

DTC is a subsidiary of the Depository Trust & Clearing Corp., which manages the electronic clearing and settlement of publicly traded companies in the US. DTC eligibility incorporates an electronic method of clearing securities that accelerates the receipt of stock and cash, reduces costs, and allows the stock to be traded over a much wider selection of brokerage firms by meeting their clearing and settlement requirements.

About Ventripoint Diagnostics Ltd.

Ventripoint has become an industry leader in the application of AI (Artificial Intelligence) to echocardiography. Ventripoint's VMS products are powered by its proprietary KBR technology, which is the result of a decade of development and provides accurate volumetric cardiac measurements equivalent to MRI. This affordable, gold-standard alternative allows cardiologists greater confidence in the management of their patients. Providing better care to patients serves as a springboard and basic standard for all of Ventripoint's products that guide our future developments. In addition, VMS+ is versatile and can be used with all ultrasound systems from any vendor supported by regulatory market approvals in the U.S., Europe and Canada.

Forward Looking Statements

This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. The use of any of the words "expect", "anticipate", "continue", "estimate", "objective", "ongoing", "may", "will", "project", "should", "believe", "plans", "intends" and similar expressions are intended to identify forward-looking information or statements. The forward-looking statements and information are based on certain key expectations and assumptions made by the Company. Although the Company believes that the expectations and assumptions on which such forward-looking statements and information are based are reasonable, undue reliance should not be placed on the forward-looking statements and information because the Company can give no assurance that they will prove to be correct.

Since forward-looking statements and information address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. Factors which could materially affect such forward-looking information are described in the risk factors in the Company's most recent annual management's discussion and analysis that is available on the Company's profile on SEDAR at www.sedar.com. Readers are cautioned that the foregoing list of factors is not exhaustive. The forward-looking statements included in this news release are expressly qualified by this cautionary statement. The forward-looking statements and information contained in this news release are made as of the date hereof and the Company undertakes no obligation to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws.
